Check back of booklet for additional resources!

Acknowledgements

The Consortium for A Healthier Miami-Dade is pleased to present the Bounty of Health Resource Guide. We encourage you to use this guide to learn more about the organizations and non-profits that serve the local community. In this guide you will find programs and initiatives that range from healthy aging to nutrition services and health care.

We recognize that one agency cannot do all the work and that it takes a community approach to fulfill our mission to be a major catalyst for healthy living while also generating sustainable policy, environmental, and system changes throughout Miami-Dade County.

The Consortium for A Healthier Miami-Dade would like to acknowledge the contributions of our partners and FDOH Programs for their support for this event. Special thanks goes to the Miami-Dade Police Department South Operations - South District Neighborhood Resource Unit, the Richmond Perrine Optimist Club, and Farm Share Inc. for their generosity and support for our drive-thru food distribution event.
