| Working on for the grant. Those objectives are to increase healthy food and beverage options and increase opportunities for physical activity at the worksite through policy creation. Committee members suggested employers to contact to achieve committee goal.  
| Committee work plan and survey were discussed. Committee is still waiting for approval from the Health Council of South Florida. Evaluator will follow up with committee about its status. Goal is to disseminate by the August meeting.  
| Once survey is approved, committee will send out to Consortium members to complete as well as to outside employer contacts.  
| Committee members present also agreed to commit that they will get policies created at their worksite by the deadline for year one.  
| To engage inactive members and past Worksite Wellness awardees a call to action email will be drafted by the Chair to inform them of the resources available to them, committee upcoming events and plans as well as to invite past awardees to benchmark and showcase their best practices.  
| A suggestion was made to create a virtual sticker and use social media to promote employers who have created these policies at their worksites. This will be an incentive for employers to create policy change at their worksite.  
| Committee Chair shared information on a study that showed the improvements worksite wellness programs have achieved for major employers in the nation.  
| Committee members also shared valuable phone applications that can be used to encourage employees to become physically active (i.e. Mapmyfitness, Couchto5Krunner and Mapmyrun).  

**New Business:**
- Toolkit revision subcommittee

- Chair will forward study on corporate wellness study to committee.
- Liaison will assist with toolkit revision. Email will be sent to committee to review toolkit prior to next meeting.
- Liaison will see what incentives can be given to employers.
The committee discussed the revisions needed for the toolkit. Toolkit will also be applicable for small business owners.

- **Worksite Wellness Forum**
  - The committee decided to host the next Worksite Wellness Forum on Thursday, September 10, 2015. The event will target employers and small business owners. The event will educate local employers (small to large) on the need for healthy food and beverage options and physical activity opportunities in worksites. At the end of the forum, consultations will be scheduled and senior leader letters of support will be signed by employers to show commitment to policy change.
  - Miami Dade County will assist with securing a site for the event, invite employers and small business owners in the Miami Dade Discount program and with conducting a fitness break at the event.
  - The committee will also make contact with local vendors for light refreshments and to table at the event to link employers to wellness resources (i.e. Miami Dade Parks and Recreation Department, LA Fitness, 24 Hour Fitness, etc.).
