FINANCIAL WELLNESS IS THE ONLY WAY TO CHANGE THE FINANCIAL BEHAVIOR OF YOUR COMPANY’S BEST ASSET
WHY FINANCIAL WELLNESS

- 61% of employees experience financial stress
- One of three employees will spend company time resolving their financial problems
- On average employees will spend 12 hours per month doing this
- Financial wellness significantly reduces employee requests for 401(k) loans, and increases benefit participation
A new survey assessing financial wellness programs in the workplace reveals:

- With the help of a financial wellness program, 66% of employees said they have been able to increase their monthly savings
  - 31% increased savings by $1-$50, 25% by $51-$200, 7% by $200-$400, and 3% by more than $400

- 85% of employers reported employees became more productive at work after using a financial wellness program to resolve a personal challenge

- 71% of employees reported an increase in financial knowledge and wellbeing as a direct result of participation in a financial wellness program
