**CONSORTIUM FOR A HEALTHIER MIAMI-DADE**
Children Issues Committee Meeting
Friday, May 20, 2016
9:30 am-11:30 am EST

for the Robert Wood Johnson Culture of Health Prize. To date, numerous phases of the process have been completed. The Consortium’s Annual Meeting was scheduled on April 15th and it showcased the efforts of the Consortium committees. There were table sessions for each Committee. The table sessions were engaging and interactive and they provided much feedback from attendees.

- **PICH – Childcare Centers**: Alina Soto explained that as of April 30th, the PICH Childcare Centers Initiative has been discontinued. The objective of the Partnership to Improve Community Health (PICH) grant was to increase physical activity in childcare settings and schools, improve nutrition in those environments, and create physical activity as an alternative to screen time. Alina Soto was very pleased that the initiative was able to reach many childcare centers in a short period of time.

**Wheels on the Bus Summary**

Alfie Leon explained that every year the committee begins a session in February where they discuss the direction of the committee and the possible initiatives that members would like to work on. A summary of the 2016 Wheels on the Bus conversation was provided to the members. The summary consisted of the committee brainstorming suggestions from the February and March committee meetings and the Consortium Annual Event Table Sessions held in April. Alina Soto asked the committee to consider what they are currently doing, what their deliverables might be, and how we can use initiatives to accomplish the needs of the committee. Members reviewed the summary and considered where their collective effort would make the most impact. The committee touched based on the following topics:

- Healthy eating and building trust
- Oral health
- Physical activity in schools
- Miami-Dade County Public Schools –Research and data analysis
- Partnering with parks
